

Animation class

DAY FIVE

We'll be starting soon! I'll be right with you.

REVIEW

It's the last day! Here are some of the things we did.

- Storyboards
- Squash and Stretch
- Ease In/Ease Out
- Walkcycles
- Rule of Thirds
- Editing

If you would like to submit a film, it is not too late!

Just send it to -

cakewinneranimations@gmail.com

LIP SYNC

Some LEGO minifigures have different expressions!

But what if you need more...?

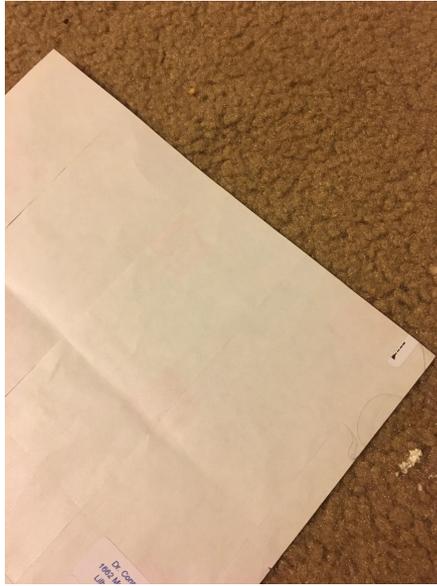

LIP SYNC

There's a process you can use to give your characters more expression!

You can't just draw on the face, as the marker would just come off!

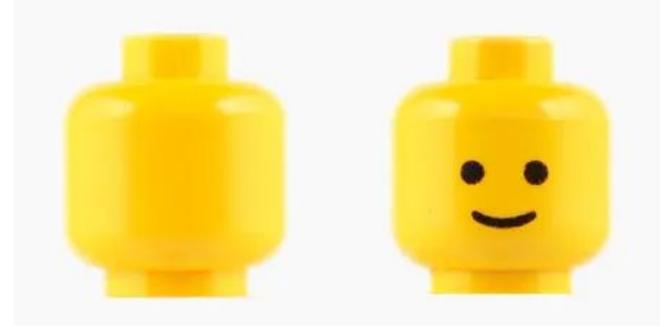

Here's what you need...

Transfer Paper
(if you've ever printed labels, this is the the thin paper those labels stick to)

Liquitex (or similar brand) Gel
(You can find this at craft shops - Michael's etc)

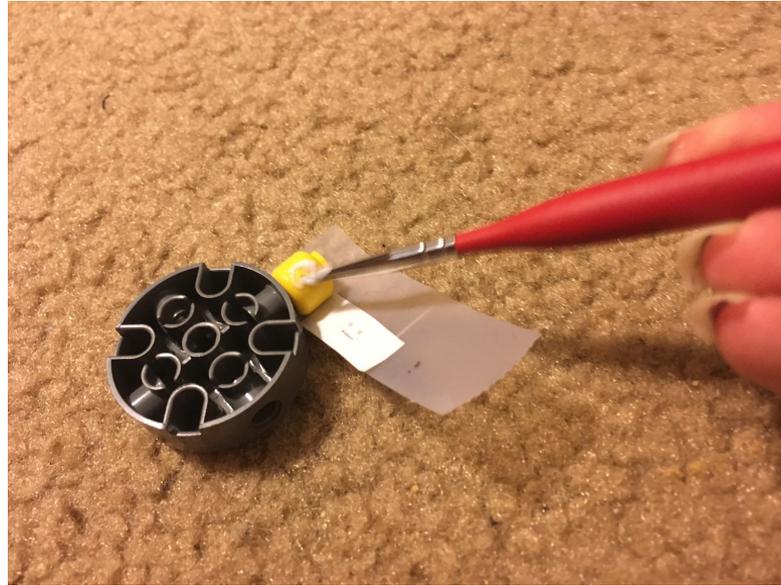

A blank (or spare) LEGO head
(If you have a head you never use, print on the back of it!)

THIS IS TRICKY!! GET AN ADULT'S HELP.

FIRST

Find something to attach the head onto, and print (or draw) the face you want to give the head on the transfer paper. (Document provided!)

THEN

Coat the part of the LEGO head where you want the face to be with the gel.

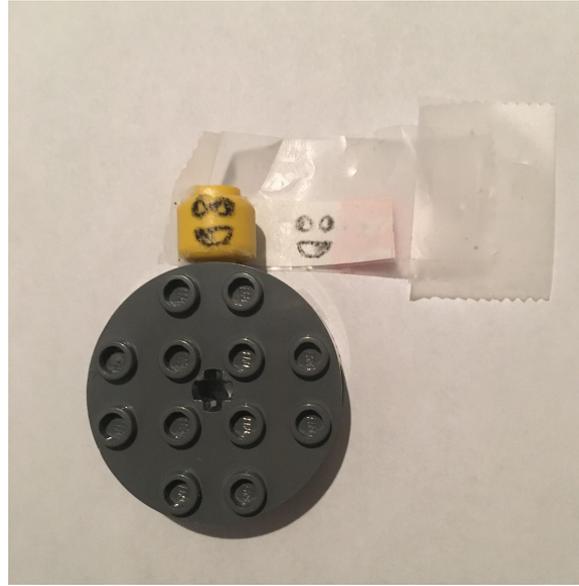

THIRD

Wrap the face design around the head with tape, making sure the face on the slip of paper lines up with the blank part of the face you used the gel on.

AFTER AN HOUR

Unwrap the head. Ta-dah! The design has transferred, and it stays on really nicely!

THIS IS ALL VERY TRICKY.

It took me a few tries to even get these photos!

So don't get frustrated if it doesn't work the first time. Keep trying! You can do it. :)

But! Enough chit chat! Let's
watch some videos! Check the
chat for the link!

If you still have one, feel free to
send it to
cakewinneranimations@gmail.com

Now!

It won't be in the YouTube show, but we can still
watch it!

<https://rb.gy/wpmd4>

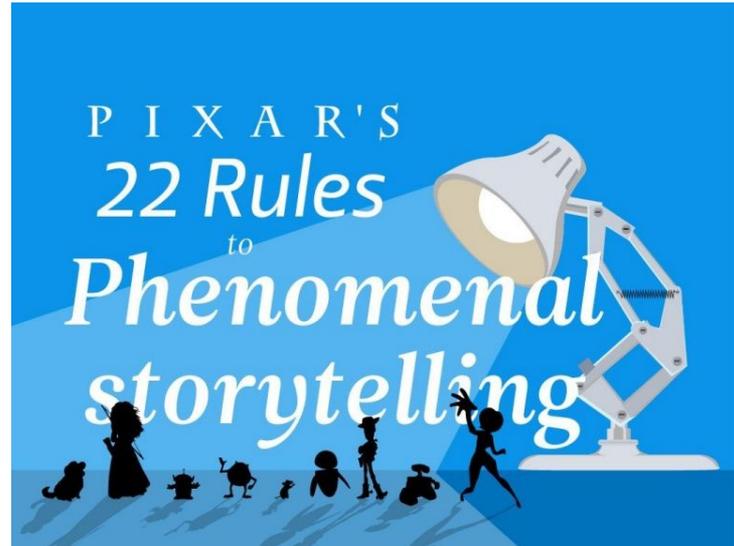

Resources!

- If you enjoy creative endeavors like animation, writing, etc, then there are a ton of online outlets you can use to continue expressing it and animating!

PIXAR Rules of Storytelling

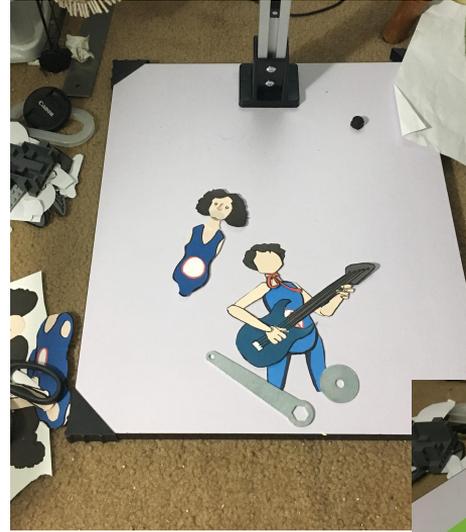

- No matter if you like writing, filmmaking or animation - these 22 rules are AWESOME!!
- Read these rules and work them into your stories to take your work to the next level.

bit.ly/3ihEAeR

Downshoot Animations

- Try using the downshoot we used for our bouncing ball to do more flat paper animations!
- You already know Stop Motion Studio, so you're already halfway there!

11 Second Club

11secondclub.com/

- Different audio tracks to animate to each month!
- Even if you don't animate, you can still visit and watch everyone's work and get inspired!

The screenshot shows the homepage of the 11 Second Club website. At the top left is the logo for "The 11 Second Club" with the tagline "this one goes to eleven." and a clock icon. To the right is a filmstrip showing cartoon characters. Below the logo is a navigation menu with links for Home, Current Competition, Archives, Forums, Resources, and FAQ. On the right side of the menu are links for Login and Join Up. A yellow banner across the top of the main content area displays a countdown timer: "08 days 04 hours 06 min 15 sec remaining in the September Competition - Preview Sound File". The main content area is divided into two columns. The left column features a "LAST MONTH'S WINNER" section for the August 31st, 2020 competition. It includes a gold medal icon, a drawing of a character, and text congratulating Jochem Van Gool. The right column has a "WELCOME!" section with introductory text, a "JOIN!" button, and a link to "AnimationMentor.com". At the bottom, there is a "WATCH ENTRIES" section with a dropdown arrow and a row of small video thumbnails. To the right of the thumbnails are links for "Top 2D animations", "Top Stop Motion animations", and "Top rated animations".

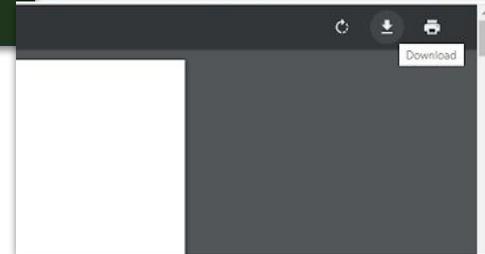

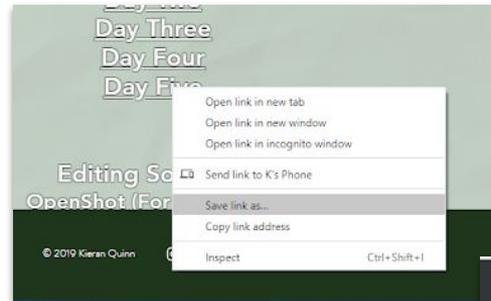

IMPORTANT!

If you want these presentations -
ESPECIALLY this one with the YouTube
Link -

Make sure you download them!
I will be using the same website page for
future film classes, so I will have to take
these presentations down.

You can right click each title and 'Save Link As..' or Open the Presentation and look for a Download button!

That's it from me!
I hope you enjoyed the class - everyone did
awesome!

*Keep exploring and telling
stories!
I can't wait to see what you all
come up with. :)*

THANK YOU!!!

All your films are amazing! Great job! Keep animating!!
